BrokerBay Partnership Backgrounder

Launching this fall, as part of the Toronto Regional Real Estate Board's (TRREB) newly announced partnership with BrokerBay, Members and Partner Board MLS® System users, will have access to the full BrokerBay system with all of its features

What Is BrokerBay?
BrokerBay is an advanced showing management ecosystem that helps brokerages, agents, and teams streamline showings on their listings.

What Can TRREB and Partner Board Members Do with BrokerBay?
BrokerBay offers a full brokerage level showing service solution with several advanced modules. With BrokerBay, sales representatives and front-desk administrators can schedule and arrange showings, including in-person and interactive 3D virtual showing tours, as well as register offers, submit documents, manage property notifications, and more. Services will also include electronic lockbox integrations with leading e-lockbox suppliers coming soon.

Does BrokerBay have a Mobile App?
BrokerBay has iOS and Android mobile apps where agents can book and manage showings.

When Will BrokerBay Be Available?
If Member brokerages are not already a subscriber of BrokerBay, the system will be made available to all brokerages this fall.
